Contract for the Purchase of a Pet Bengal Companion Cat (For the purpose of being a pet)

Total Price is + tax =	Deposit \$250.00	Balance Due + total tax
GST=	Payment of deposit constitutes acceptance of terms.	After deposit is paid
PST=		Total due =
Total Tax =		

Gov ref taxes due - <http://www.rev.gov.on.ca/en/guides/rst/504.html>

A minimum \$250 non-refundable deposit is required to reserve a kitten. Deposits can be made onsite with cash, VISA, debit card, or remotely by **paypal to guru@quinteonline.com** or online **bank transfer to thewhites@wildexpressions.ca**. No kitten is considered to be held until a deposit is recieved.

The purpose of the deposit is to have the kitten removed from the market and if the depositor follows though then the full deposit will be applied towards the purchase price of the reserved kitten. Kittens will be listed as unavailable and held until it is a minimum 12 weeks of age or until such time as is agreed upon in writing. If not picked up by 16 weeks of age the kitten will be re-listed as available and the deposit will be forfeit.

Wild Expressions may void this agreement at any time prior to the transfer of ownership (in writing) and refund the deposit. Submission of a deposit constitutes acceptance of the terms of this contract.

For the purpose of this agreement Steve & Cyndy White of Wild Expressions will be known as “The Breeder(s)” and the subject cat(s) or kitten(s) will be known as “The Companion(s)”. The buyer will be known from here on as The Buyer(s)

A store bought cat carrier designed for this purpose is required when picking up The Companion(s).

1.) General Health Warranty

The Companion(s) is in good health and has been examined at least twice by a veterinarian while in

The Breeder(s) possession. The Companion(s) is guaranteed free from communicable diseases for a period of 72 hours from the date of sale. The Companion(s) is not guaranteed against accidental death or injury regardless of circumstance.

- a) The Companion(s) needs to be isolated for a period of 72 hours from any animal contact. Please have The Companion(s) examined by your veterinarian as soon as possible so you are confident that the kitten is completely healthy. Bring a fresh stool sample with you. If found deficient in any way The Breeder(s) must be contacted within 72 hours of accepting the companion.
- b) If a defect is found then depending on the nature of the defect The Breeder(s) will, at The Breeder(s) sole discretion, either
 - i. Offer a full or partial refund
 - ii. Offer treatment for the deficiency
 - iii. Offer a replacement kitten of equal quality and value.
- c) It is further agreed that The Companion(s) will be feed the diet recommended by The Breeder(s) for a period of no less than one month. If there is to be a change to a new diet then that change must begin after the first month has expired and be done slowly over a three week period.

2.) The Buyer(s) agrees to the following:

- a) To provide a good clean healthy loving home which at a minimum includes proper cat food, full time shelter from the elements, full and complete accident related and preventative medical care as well as the required exercise and of course lots of affection.
- b) The Companion(s) is not to be re-vaccinated after the age of 12 weeks as he/she has had all of its kitten vaccinations, including rabies. Annual adult booster vaccinations, Rabies and FeLV are of course allowed.
- c) To not vaccinate The Companion(s) for FIP or FIV as these are more dangerous to indoor cats then they are of potential help to them.
- d) The Companion(s) will be neutered or spayed by a licensed veterinarian by the age of 7 months. We have no issues with early (16 weeks and on) neutering/spaying as publicly supported by the CMVA, the OVMA, the AVMA and the AAHA.
- e) If The Buyer(s) wishes to allow The Companion(s) outdoors it will be with full time supervision.
- f) The Companion(s) will not under go any form of cosmetic surgery or be subjected to any surgery that would compromise the full use of its claws, without the express written consent of The Breeder(s).

These conditions will exist for the life of The Companion(s) and failure to meet these conditions may at the discretion of The Breeder(s) result in all warranties being void or the companion being repossessed.

3.) Congenital Defects or Genetic Disease Warranty

The Companion(s) is guaranteed to be free from congenital defects or genetic diseases for a period of two years from date of this contract.

If found to have a congenital defect or genetic disease that requires medical treatment then at the sole discretion of The Breeder(s) one or more of the following options will be offered:

- a) it can be returned to The Breeder(s) for a replacement of equal quality.
- b) it can be kept by the owner and a credit will be offered towards the future purchase of another kitten/cat from The Breeder(s). The percentage will be determined at the sole discretion of The

- Breeder(s).
- c) if euthanasia is necessary or imminent, a replacement kitten will be given. The Companion(s) is not to be euthanized without the prior knowledge of The Breeder(s) except in the case where a veterinarian puts it in writing that he or she considers it to be the only humane alternative.

If a replacement or credit is requested The Buyer(s) agree to grant full access to all veterinary records to The Breeder(s). Veterinary records include copies of actual visit cards to veterinarians stating vaccinations, injuries, test results, etc. during the period the kitten is owned by The Buyer(s). If The Companion(s) was euthanized then an autopsy is required to confirm a medical diagnosis before any replacement will be given. If diagnosed with a minor imperfection that requires no treatment then no credit will be given.

4.) Rehoming

Should it become necessary for any reason to part with The Companion(s) then The Buyer(s) agree to notify The Breeder(s) at the first opportunity and to give The Breeder(s) the first opportunity to relocate The Companion(s) at no expense to The Buyer(s). The Buyer(s) may not under any conditions accept monies in exchange for The Companion(s).

5.) Breeding Rights

The Companion(s) was purchased as a "PET" and there are no breeding rights included. Upon receipt of proof of spaying or neutering T.I.C.A. 3 generation registration papers will be supplied to The Buyer(s).

In some cases, and at The Breeders discretion, breeding rights may be purchased by paying the difference in price of a pet and a breeder. At a minimum that value will be \$1500 with the first pick of the litter at no cost to The Breeder(s) or \$2000 without the first pick kitten. A separate written agreement would be required before breeding rights and registration papers would be given.

6.) Accidental Breeding

In the case of an accidental breeding then it is The Buyer(s) responsibility to immediately notify The Breeder(s) of the situation. Failure to do so will result in the accident being treated, and subject to the same penalties, as a non authorized breeding. If properly notified The Breeder(s) may, at their sole discretion either,

- a) take possession of the kittens, as soon as is reasonable
- b) offer to sell breeding rights if it is decided The Companion(s) and off spring are of suitable quality.

7.) Non-authorized Breeding

Wild expressions is a devoted ethical breeder who is very strongly opposed to breeding done by inexperienced or non-authorized individuals. If The Breeder(s) believes that a non-authorized breeding has occurred they have the right to request that The Companion(s) be examined by a veterinarian of The Breeder(s) choice at the Breeder(s) cost. If The Buyer(s) refuses to allow The Companion(s) to be examined then it will be deemed that The Buyer(s) has indeed been involved in non-authorized breeding.

If The Companion(s) has been used for non-authorized breeding The Buyer(s) will be required at the Breeder(s) sole discretion to surrender to The Breeder(s)

- a) The Companion(s)
